

Down-conductor components

■ **AL 58** Inspection door for measurements

Characteristics
Access opening for lightning protection arresters laid under facade (facing with air space).
Assembly dimensions: 155x205mm

Article-Nr.	E-Number									
270.002.000	156 900 000	InoxA2	180	230						1

Technical Specifications: **Inspection door for measurements AL 58**

	270.002.000
Material	InoxA2
Width b	180 mm
Height c	230 mm
Type of accessory	Revisionstür
Surface protection	unbehandelt
Commercial specification	
Customs number	73262000
country of origin	CE
Logistic specification	
VPE Weight	0.481 kg
